

5th Grade Summer Homework & Information

June 2018

Dear Fifth Grade Students, Parents and/or Guardians,

Reading is a valued and ongoing activity at the Healey School. Summertime offers a fine opportunity to maintain reading skills and to enjoy the pleasure and richness of literature. You are expected to read at least 2 chapter books this summer for 5th grade (see more requirements below), and the attached short stories. Each short story has several questions you are to answer. Be sure to answer each one and show us your strategies. After reading each book, write a book review (attached) which includes a summary of the characters, setting, and problem and solution of the story. The 2 book reviews and short stories will need to be submitted on the first day of 5th grade. This assignment will be the first assignment that goes towards your first quarter grade. If you do not complete this assignment by the first day of school, you will be given one more week to turn in the assignment with a grade deduction.

We are excited to read all about the enjoyable reading you did over the summer.

In addition to reading, we ask that you come to 5th grade knowing your multiplication facts. You will need to learn the multiplication tables up to 12 and be able to recall them quickly. By knowing your multiplication tables you will find math much easier. There is a suggested calendar for you to follow on so that you will not feel overwhelmed along with a multiplication chart.

Have a wonderful summer. We are looking forward to working with you starting in September.

If you lose this information over the summer, it will be on our website: healeyhawks.weebly.com.

Sincerely,

MaryAnn Cloutier, Annie Rathjens, Dayshawn Simmons and Emily Daddio

Book Requirements

- Chapter book
- Must be books you have NOT read before

Instructions/Requirements for Book Review Assignment

Answer the following questions about your book in paragraph form under the correct headings. Each questions should be a new paragraph. Be sure to use complete sentences with proper punctuation and capitalization.

- **Summary of the Book:** Summarize the book. Retell the story in your own words. Make sure to include the main events, the problems, the solution, the characters, and the setting.
- **My Opinion:** Did you like the book? Would you recommend this book to someone else? Why or why not? Make sure to that you use **evidence** from the book to support your ideas.

12	24	36	48	60	72	84	96	108	120	132	144

Supply List

Dear Fifth Grade Students,

A big key to success in the fifth grade is staying organized. We have developed a by class color-coded supply list that we would like you to use during the year. If you cannot find the specific color, you may color the materials with paper or find a color that is similar. We expect you to come to class every day prepared with your materials, and ready to learn. Please know that if you are unable to acquire the supplies we will provide them for you. If you would like to donate additional supplies, that would be wonderful and greatly appreciated.

Science (Green) - Green Binder (1-1 ½ inch) and green folder for binder

Social Studies (Purple) - Purple Binder (1-1 ½ inch) and purple folder for binder

Math (Blue)- Blue Binder (1-1 ½ inch) and blue folder for binder

ELA (Yellow) - Yellow binder (1-1 ½ inch) and yellow folder for binder

All classes- Pencils and erasers; loose leaf paper

Can't wait for the year to begin, we are so excited to work with you all.

Sincerely,

MaryAnn Cloutier, Annie Rathjens, Dayshawn Simmons
